Recipes and Tips

Uncooked Cranberry and Orange Relish

1 lb cranberries
1 whole orange, sliced into 8ths
1 lb of sugar

Using a food processor or liquidizer blitz to finely chop the cranberries and orange. Stir in the sugar.

Some recipes would have you let the flavours marry together for up to two days, we are fortunate in my house if it gets to sit for an hour or two before we start eating it. It goes well with roast meat or mixed with some yogurt and eaten as part of a breakfast.
